

Warriors Of The World (T: 0, M: 88)

Here our soldiers stand From all around the world
Waiting in a line To hear the battle cry
All are gathered here Victory is near
The sound will fill the hall Bringing power to us all

We alone are fighting For metal that is true
We only ride to live the fight We're here for all of you
Now swear the blood upon your steel We'll never try
Stand and fight together Beneath the metal sky

Brothers everywhere Raise your hands into the air
B f(okt) e d
We're warriors, warriors of the world
Like thunder from the sky Swore to fight and die
We're warriors, warriors of the world

Many stand against us But they will never win
We said we would return And here we are again
To bring them all destruction Suffering and pain
We are the hammer of the gods
We are thunder wind and rain

There you wait in fear With swords in feval hands
With dreams to be a king First, what should be a man
I call them out And charge them all With a life that is a lie
And in a final hour They shell confess before they die

Brothers everywhere ...
