

## Midnight Mover

Hey you -- come on  
I show you something  
There is what it takes for you  
Mmh, you better follow me

Go -- gonna ease your pain  
Ooh, you will remember me  
That's it what they used to say  
Seducing everybody for the money

Slow down -- back off  
Tell him you don't pay the price

He is a midnight mover  
Coming in the night -- going with the light  
He is a midnight mover  
He can't go on in the sunlight

You better use your brain  
Ooh, you are forever free  
That's it, there's no place to stay  
For someone who is losing, it's not funny

Slow down -- back off  
Tell him you don't pay the price

He is a midnight mover ...

[Solo]

He is a midnight mover ...

He is a midnight mover ...
