GISmi Es E H  
Girl, You lived your life like a sleeping swan,  
CISmi Es GISmi  
Your time has come, To go deeper

Girl, Your final journey has just begun,  
But destiny chose to leave her,

GISmi E H FIS  
No fear, Destination darkness  
No fear, Destination darkness

Girl, Rain falls down from the northern skies  
Like poisoned knives With no mercy

Girl, Close your eyes for the one last time  
Sleepless nights From here to eternity

No fear Destination darkness  
No fear Destination darkness  
No fear
